

Mount Arrowsmith

Warning

Mountaineering can be dangerous. Weather and conditions can change rapidly.

Many of the routes listed are of a technical nature in summer and all should be considered technical in winter.

Hikers, climbers, snowshoers and skiers should be well equipped and have the knowledge and experience to travel in the backcountry or be introduced by competent people.

For an introduction to hiking on Mt. Arrowsmith, see the District 69 Recreation Department, or contact one of the local mountaineering clubs.
